

Start with What Matters Most: **Primary Care**

At the core of every plan is **Vitable Primary Care**, a robust direct primary care benefit that provides access to a comprehensive suite of services your employees need most.

Our nationwide network of providers can diagnose and treat your employees' most common health concerns through unlimited virtual visits, same-day scheduling, and convenient care options.

No unnecessary doctor visits or long waits — employees get fast, reliable care without copays, deductibles, or delays.
